Bantul, Yogyakarta

A Web Developer with approximately 3 years of experience, specializing in TypeScript, React.js, Next.js, and Express.js. I have worked in Yogyakarta for an IT consultant, served as a Frontend Developer on a banking project, and taken on freelance roles as a Fullstack Developer for an e-commerce book sale project.

Work Experiences

PT Infosys Solusi Terpadu - **Bantul, Yogyakarta**   Feb 2022 - Sep 2024
Frontend Developer
- Developed and maintained a finance website using React.js and TypeScript, ensuring high performance and scalability.
- Collaborated with UX/UI designers to transform design wireframes into fully responsive and interactive web pages.
- Integrated RESTful APIs and third-party services to enhance functionality and streamline data interactions.
- Created and maintained a component library in React.js, standardizing UI elements across multiple projects for consistency and efficiency.
- Conducted code reviews and implemented best practices to ensure high-quality, maintainable code.
- Collaborated with Quality Assurance teams to identify, troubleshoot, and resolve bugs, ensuring a seamless user experience.

Freelance - **Bantul, Yogyakarta**   Jan 2021 - Jan 2022
Fullstack Developer
- Analyzed user requirements and designed intuitive and user-friendly web interfaces to improve usability and functionality.
- Developed and maintained web applications using React.js for frontend and Express.js for backend.
- Collaborated with clients to gather feedback, provide updates, and incorporate changes into the development process.
- Created documentation for code, and deployment procedures to support future maintenance and upgrades.

UPT TIK UPN "Veteran" Yogyakarta - **Sleman, Yogyakarta**   Dec 2020 - Mar 2021
Internship
- Analyzed user requirements, designed an intuitive web interface, and developed the Inventory Management System using the Django Framework.
- Deployed and configured the application on a VPS running Linux Ubuntu, utilizing tools such as PM2 and Nginx to manage processes and optimize server performance.
- Created detailed documentation for configuration and deployment processes to ensure clarity and ease of future maintenance.

Education Level

Universitas Pembangunan Nasional Veteran Yogyakarta - **Sleman, Yogyakarta**   Aug 2017 - Jan 2022
Bachelor Degree in Information Systems, 3.51/4.00
- Thesis: Software Product Quality ISO/IEC 25010 Analysis on the Development of ECommerce Information Systems Book Sales at DapurKata Publisher.

Organisational Experience

KMI UPN "Veteran" Yogyakarta - **Sleman, Yogyakarta**   Sep 2017 - Dec 2019
Media Division Staff
- Managing and producing media content, including articles, images, and videos, for publication through the organization's social media platforms. Documenting all organizational activities in detail for use as publication content and for archival purposes.
